

Final Programme

2015 Intergovernmental Panel Physician Training Summit

Sheraton Hotel and Towers – Hong Kong

Monday 9th March 2015

Pre-Summit Workshops: Before the Summit officially begins, 8 workshops will be offered for panel site staff joining us in Hong Kong. Each attendee can participate in up to two workshops (one in the morning, one in the afternoon) that best fit their educational needs. Workshops will be highly interactive, using cases and strategic activities to enhance the skills of participants.

Space in each workshop is limited, so early registration is strongly encouraged- most workshops have a maximum capacity of 50 (although the Sputum Collection and Laboratory Essentials session will be limited to 20 persons to allow for more hands-on learning).

Please note that participants are not required to sign-up for the workshop portion of the program if they do not wish to do so. Workshops are not part of the official Summit and will not affect whether you receive a Summit Certificate of Completion.

0830	1 Basics of the Complete Immigration Medical Examination: Country Similarities and Differences <i>Dr. Patrick Theriault Dr Humberto Martinho Dr. Margaret Hirschfeld Dr. Christine Olson Dr. Dominik Zenner Ms. Nicola Scotland</i>	2 In Practice: Applying Effective Tuberculosis Screening and Treatment Measures at Your Panel Site <i>Dr. Mary Naughton Dr. Masae Kawamura Dr. Randall Reves</i>	3 Mastering the Subtleties of Mental Health and Substance Use Screening <i>Dr. Charles Samenow Mr. Jeffrey Steiger</i>	4 Sputum Collection and Laboratory Essentials <i>Mr. Warren Jones</i>
